

OUR DRIVING EXPERIENCES AND DRIVING LESSONS

All the sessions at our Under 17 Driving events are adapted to meet the needs of the person attending - from a 14 year old who hasn't sat in the driving seat before, to someone older who is making the most of a quiet practice area away from public roads.

DRIVING EXPERIENCES: for young people age 14+ who haven't driven before and who are visiting us once - the basics of car control with a first drive.

DRIVING LESSONS: for learners age 14+ who will be visiting us on a more regular basis - developing driving skills including junctions and reversing manoeuvres, before the learner moves onto public roads at 17+.

DRIVING REFRESHERS: for qualified drivers who are perhaps looking to return to the road after a break - support to meet the specific needs of each individual.

All our driving sessions are in either a manual or an automatic dual control car, that is fully insured for learners from age 14, with a DVSA registered Driving Instructor.

The minimum age for our driving experiences and driving lessons is 14, with a minimum height of approx. 1.5m / 4'8" - there isn't an upper age limit!

OUR VENUES

All our venues have been selected as they are spacious and well away from public roads.

This means our young drivers have a large area where they can safely start to develop their driving skills, and to prepare for on-road driving lessons when they are old enough.

Full details about your venue will be sent to you approx. 1 week before the event you have booked.

OUR DRIVING INSTRUCTORS

All our Driving Instructors are registered with the DVSA - meaning they have passed an 'enhanced level' DBS (Disclosure and Barring Service) check and a 'criminal record' check, and have been passed as a 'fit and proper' person.

All our Driving Instructors wear orange hi-vis vests so they are easy to spot - apart from Keith and Gill our co-founders who wear yellow hi-vis so they are even more easy to spot.

We look forward to seeing you at one of our events sometime soon!

Gill and Keith
